

TRYING TO HANG ON TO FOOTBALL, I GIVE YOU THE NFL ALL-NAME TEAM.

By Kerry Schmidt February 22, 2009

Wasted an hour checking over 25 publications and googled just about everything. Result was... NOTHING. Not anything of any interest worth writing about. To show you how desperate things are, USA TODAY had a major story on....women's curling! Exciting!

I WILL quickly headline the "HOT" topics.

A-ROD. Media still going nuts. Over 140 re-runs on same ole crap. BARF

Especially love the picture of several of his teammates listening to his "I f...up speech.

A few of them also were users, so they could identify.

Tiger Woods announced he would resume playing, beginning next week at the Match Play in Tucson, AZ.

The PGA, TV stations, fans and media are very happy. Only unhappy group are the other PGA players.

TNT did what I said they should do. Took Barkley back. Ratings way up.

Michael Phelps will not be prosecuted for giving the bong a blow job.

Why in hell (INHALE) should they?!

NBA: West won the "no defense" all-star game, 146-119.

Only real story was on girl's HS Basketball. Very good teams playing poor teams, and running up the score intentionally.

The Covenant School beat Dallas Academy, 100-0! The coach left his first string in and a full court defensive push until they got to 100.

After that game, "The Dallas Morning News" ran a story a week later and it set off a domino effect that rolled through wire services, network and cable news shows, and angry internet rants.

Covenant administrators apologized, and forfeited the game.

Their Coach, Micah Grimes, said adamantly he did not agree, and he quickly got what he deserved. He was fired.

Mount Vernon, with a 32-8 third quarter, led after three over Falls Church, 66-20. Mount Vernon coach Courtney Coffey, had his players play full court defense and pressed all the time. "It's not personal, he expected all to believe. It's just business." (What is this, the mafia?) "We use every game to get better. We are building something." Right.

Falls Church senior guard Ivy Haskins, looked at Coach Coffey and said, "Come on coach, give us a break. He didn't say a word, just kept on pressing." "Why do they need to keep on doing that?" freshman guard Cyndi Gordon said. They should play hard, but they don't have to go that extra mile."

Other scores were 82-21, 137-32, 101-16, etc. You get the picture. Some coaches pulled back, but too many pushed it all the way.

OFF THE WALL SPORTS

One coach even said, “Losing teaches you about life.” Yep, those are the type of teachers every parent wants!

I can only hope that this media criticism helps stop this type of stuff, which, I can only think is all about the conceited and wrong hopes and wishes of an evil-minded, egotistical and demented coach.

Now, on to the All-Name team.

I usually save this for the March Madness rosters, because they have many more crazy names. I will do that also, but to I need to fill up space with something.

Note. I will sometimes give the team’s names, but to not be redundant, I will often not give the teams names, to be redundant. If you at all give a damn, google team rosters.

We’ll start with some of the “groups.”

Saints’ Randal Gay is head of the fairy league. His teammates are A.J. Feely, Eagles, Jerico Crotch, Jets, David Darling, KC. His best buddies were DeMarcus Faggins, Houston, Kissim Osgood, and gays roommates, Davon (sports a) Woody as does Nick Hardwood. Antanwee Peek was the observer.

And just because I hate Dallas, I’ll toss in Tony (homo) Romo.

Add in Roberto Bendofer, and you have a real homogeneous team.

Note: They all spend the off season in San Francisco.

Now, let’s insult some other groups.

The terrorists: Hussain Abdullah, Vikings, Mushin Muhammad, and Carolina’s Aquib Talib. They were all Hamas.

Al Quida had, Uisad Abiamire, Hamza Abdullah, Cleveland; Abdulla Ashawqun and Israel Idoniiee, GB, (a Jewish terrorist?). Good bunch of guys.

A few nationalities were represented. Scott Murkckowski, SD and Paul Posluszzy are true blooded Irishmen.

The proper Englishman is Haruki Nakamaura, from Baltimore.

The best Okuacks are Sujan Krataszjasy and Sebastian Janikowski, just to name a couple.

The next group is the largest. They are the “Unpronounceables.”

Talk about an announcer’s nightmare!

They are also the nightmare for all spell checkers. Have to do this in parts, as the computer overheats.

In no particular order or team: Devineal Aromoshodzu, Adewale Oqunlee,

Ikaika Alamaz Francis. This next guy, like some big stars (Kobe, LeBron, etc) only has one name, Naufahathti. He is joined by Ike-Ndukwe. On to Visanthee Shiancoez, Olanvi Sobomehin, Uche Nnwanxlet, Isiah Ekejiuba and S.D. beachboy, Legeardu Naanee.

Haloti Nggatx, Chidenuum Ndukewe, Nnamjdi Asomuchza, Mr. “Vanna, can I buy a vowel,” Haloti Nffattx and Goscder Cherilus, who eats corn flakes for breakfast

Oh, don’t you dare forget FS, Oshiomogho Atbqwe, and a final easy one, Lege Douzable. You should see the red lines under half the words herein!

Now, let’s have some idiotic fun with some names.

Any team has to have an Igor (Olshansky).

Baltimore has Yamon Figures (F-yours). SD has Fynan Forney (cate); Cjad Slaughter – just a good football name.

Steven Hauschka (aka, Sneazy), along with his friend, B.J.Ashcew (gushenheidt).

OFF THE WALL SPORTS

Andrew Crummy got cut, Darnell (Dunkin doughnuts) Dinkius and Beau (taco) Bell came to camp overweight.

Moving quickly now, so as to not have a major spell-checker problem. Just a stupidity problem for writing this nonsense.

The “titti man,” Tittius Brown, rightfully plays for the Browns. His cousin is Rob Pettiti with the Rams.

On to Marshawn “Merrill” Lynch, who received a huge sign-on bonus.

Marcus Buggs (me), Ashton Youbote (your booty), Lusaka Polite, who is very rude and my beer man, Tedi Bruschi!

Jesse Chatman talks to much, Chad (pass the) Mustard, Ebenezer (Scrooge) Ekuban, Andy Studebaker, who drives an old Chevy, Terdell (turd in the) Sands, and ole Limas Sweed, from Finland, while Brock Berlin is from France.

On to Willie Colon (oscomy) – OUCH), Chester (is the) Pitts, Moron Greenwood a dumb bastard. Man, who would name their son moron?

Material (girl-Madonna) Richardson, Jeff Saturday – who always plays on Sunday, Mercedes Lewis, who drives a VW, Jacob Ford is in a Chevy.

Urlich (Henry) winkler, Tuff Harris, a pussy, Donald Driver, who is GB’s chauffer who drives Johnny Jolly who is always pissed off, same as his pal, Justin Smiley who is always in a foul mood.

For the religious, we have five Popes, two Bishops, Priest Holmes and a minister. Catholics rule.

Paul Spicer is bland, Alge Crumpler has a growth on his ass and Brian Iwuh lisps so bad no one can talk to him.

Julius (Dr.) Peppers brings the drinks, Jamaal Fudge, the sweets, and Jameel Cook serves it all up.

Andrew Economicos – he went broke while Chris Gamble got suspended – for steroids. Another lost player is Chris Houston, who plays for Atlanta.

Patrick Chukurahl (same to ya, jerk off), Nick Goings – going, going gone and Darrell Strong, who plays WEAK side safety for Oakland. True!

We have a David Roach and a Victor Leech and a boat fanatic, Chris Craft, Rams.

Entertainment is provided by Elvis Francis, Rams; Fabian Welsh, Ravens, Eric (Clapton) Frampton and Lynell (Hampton) Hamilton.

Another F-you is Pago Tagofau, AZ.

Let’s keep this crap going.

Note: I took a break to have a nice shot of single malt, so it will get either better or worse than it has been. Usually, much better.

A few more worthless ones: Richie Incognito: Bastard has absolutely no clue about anything, and no one knows who the hell he is.

Then you have a player that no one wants on their team: Tashard Choke. Great clutch player.

And we have the famous actors: Tony Curtis and Mark Columbo, Dallas, who also has Doug “Born” Free, Tank Johnson – great name for an NFL player and Tra Battle (what?).

Giants have the morning goodies: Reubin Doughnuts and Gerald Coffee.

OFF THE WALL SPORTS

They also have an old movie chance with Chris (king) Cong. And don't forget the son of a great QB, Ahmad Bradshaw – maybe Terry got frisky with the maid? Just kidding. And one player can confuse the TV folks. Mecerio (Peyton-Eli) Manning(ham).

Skins are Bonanza fans with Rock (Hoss) Cartwright and a worthless player, James Trash. You need a haircut? Cowboys; Marion Barber will take care of you.

We have several Rockys, so we'll just pick out one: Redskins, Rocky (Yo Adrian) McIntosh.

Eagles have a CB who never gets uptight in big games. Hank Basket (case).

Hey players: Need tires for your Hummer, Mercedes, Escalade, etc?

Call Eagles' King Dunlap.

S.F has a Pyris Hirton. Other players might think he/she is someone else. Of course, the real Paris has no idea who/what in the hell she is, so never mind.

Digging deep, Seattle has Will (raise) Heller and Wesley (quack, quack) Mallard. Also, Lofa (loafs) Tatupa.

Rams again" (Leaning tower of) Pisa Tinoisamo. Man, is that a reach.

They also have our royalty, Justin King.

Buffalo has a stoner named Jonathan Stupor.

New England has Laurence (Bony) Maroney.

And, most importantly, we have three Kerrys: Kerry Collins, Lichtenstongee and Kerry Rhodes. Gotta have a Kerry in the league!

Cincinnati has some guy named Erika Guniaciul. All I can say about him is, "Who in hell is that? Or, what in hell is that?"

Reaching again, Cleveland's Sundris (sunrise?) Steptoe (through the tulips).

With Pittsburgh being a blue collar town, only appropriate that Jon (black and) Decker plays for them.

Houston wants to know if Amobi Okoye is OK to play.

Well, there are many more players with crazy names, but since I had to come up with these in such a short time, you're stuck with this.

Believe me, when I do the NCAA March Madness team, you will hear names much better than these.

The only good part about this column is that it is a lot shorter than most of the others!

So, having finished this mess, I am off to finish another of my single malts!

Training camps open in only 5 months. ARGHHH!
